No. 6F Dutchess can be equipped with 3" tread wood wheel.

---

DUTCHESS GREENHOUSE

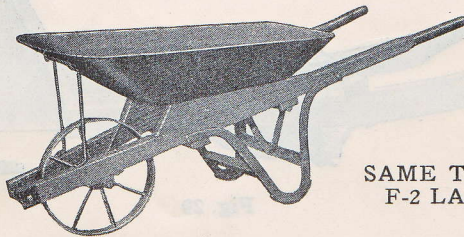

This barrow is made special for greenhouse work by making it narrow at handle end so as to go between aisles, rows and narrow doors. Length of handle, 5 ft.; diam. of wheel, 20". Face of wheel, 1 $\frac{1}{2}$ "; hub, 15" long; size of body, 10" high, 28" long; 20" wide at handle end; 18" wide at wheel end. Cipher, GREENHOUSE.

Extreme width of barrow over all, 21 $\frac{1}{2}$ ". Weight, 50 lbs.

*Sturdy as the Oak from which the handles are made*

**APOKEEPSING NO. 1, CONCRETE**

**SAME TRAY AS  
F-2 LANSING**

**Fig 56**

**APOKEEPSING NO 1**

Cipher, LEEK

Weight, 66 lbs. each.

**SIZE OF TRAY—**

26" wide x 34" long on top.  
15" wide x 19" long at bottom  
8" wide at wheel end  
7" deep at handle end  
3 cubic feet capacity

This is best concrete barrow we can produce. Note double shoe on bottom of angle legs. Handle extends beyond wheel for end dumping. Tray made of 16-gauge steel, without seam or rivets. Our strongest wheel: 16" diam.;  $\frac{3}{8}$ " spokes,  $\frac{5}{16}$ " tire x  $1\frac{3}{4}$ " face. Is same wheel as used on all steel tubular barrows.

**Shipped Completely Assembled**

---

*Sturdy as the Oak from which the handles are made*

**APOKEEPSING NO. 2, MORTAR OR FARM**

**SAME TRAY  
AS F-4½  
LANSING**

**Fig 56**

**APOKEEPSING NO 2**

Cipher, LILAC

Weight, 70 lbs. each

**SIZE OF TRAY—**

27" wide x 35" long on top  
20" wide x 21" long at bottom  
19" deep at wheel end  
9" deep at handle end  
 $4\frac{1}{2}$  cubic feet capacity

This is the most popular Farm Barrow we manufacture. The tray is extra large and very deep at both front and back. The tray is rounded at front.

Just the barrow for Mortar or Farmer when "The Cows Come Home."

**Shipped Completely Assembled**

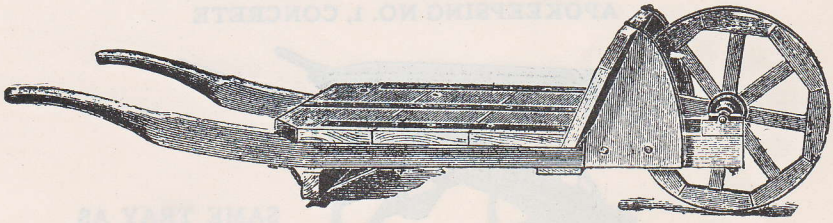

Fig. 29

### BENT HANDLE STONE BARROW

Made for heavy work. Bottom and front of 1½-inch hardwood, dressed and well seasoned. Barrow painted brown.

Size of bottom, 28 inches wide, 27 inches long and 11 inches high in front. Handles, 2 x 3 inches (dressed), made of oak, rock, elm or hickory.

Equipped with heavy steel, same as used on all steel tubulars.

Cipher, PATROLLER. Weight, 70 lbs. each.

---

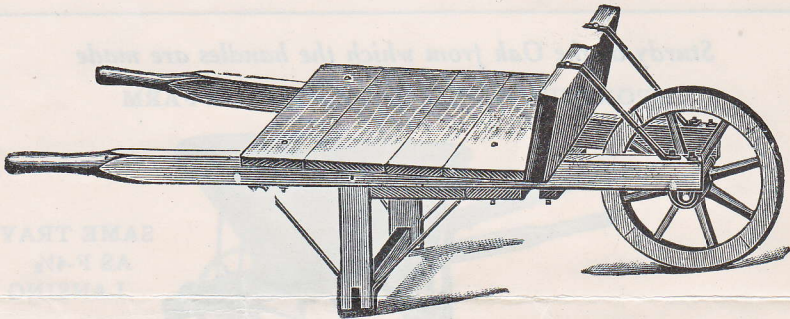

Fig. 26

### HEAVY STONE WHEELBARROW (Star Brand)

The frame is made heavy and strong, of well seasoned hardwood lumber, well braced with iron. It has 16-in. diameter wheel, 1½-in. face, heavy spokes. 1½ x 3/16 tire, 5/8 gudgeon; bearings held on with a double hook; one nut on each end, so the wheel cannot come out. It has a flat bottom of 1-inch hardwood and a 2-inch heavy maple head or dash board, bolted on to handle with two long bolts through head board, braced with a 1 x 1¼-in. iron brace to handle. It is suitable for stone or brick, building purposes, excavating cellars, etc.

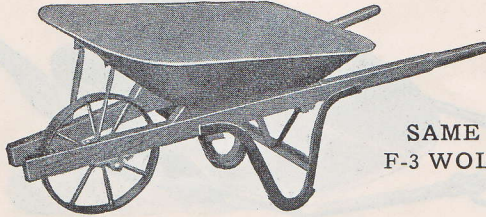

Equipped with heavy steel wheel, same as used on all-steel tubular barrows.

Cipher, DISMISS. Weight, 60 lbs. each.

*Sturdy as the Oak from which the handles are made*

**TROY**

**SAME TRAY AS  
F-3 WOLVERINE**

**Fig. 64**

**TROY—Fig. 64**

Cipher, TROY  
Weight, 66 lbs. each

**SIZE OF TRAY —**

29" wide x 36" long on top  
15" wide x 18" long at bottom  
8" deep at handle end  
6" deep at wheel end  
3½ cubic feet capacity

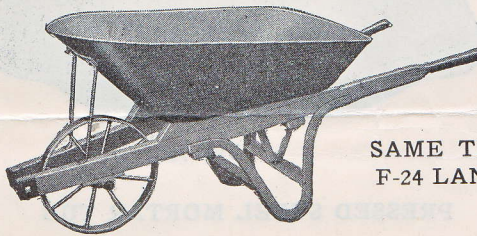

We consider this the best general purpose barrow on the market. Favorite with contractors and farmers. Tray, 16-gauge, pressed from solid steel, without seam or rivets.

**Shipped Completely Assembled**

---

*Sturdy as the Oak from which the handles are made*

**PEERLESS 65-A**

**SAME TRAY AS  
F-24 LANSING**

**Fig. 804**

**PEERLESS 65-A  
Fig. 804**

Cipher, SPICE  
Weight, 70 lbs. each

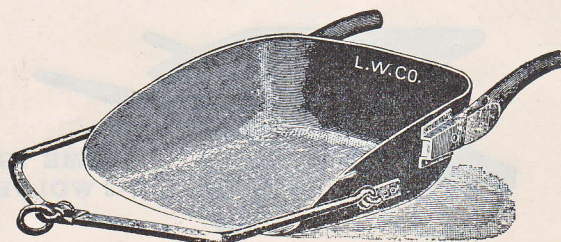

**SIZE OF TRAY—**

26½" wide x 37½" long  
18" deep at wheel end  
9" deep at handle end  
4 cu. ft. capacity

This barrow is similar to APOKEEPSING NO. 1, only tray is larger and rounded at nose to keep concrete from slopping.

**Shipped Completely Assembled**

## PRESSED STEEL MORTAR TUB

Without Seam or Rivet

Our Pressed Steel Mortar tub is rapidly taking the place of the old style wooden box. It is lighter, neater, cleaner, and cheaper in the long run, as it will outwear several of the wooden boxes.

These tubs will nest together in carting from job to job. Made of heavy sheet steel pressed to shape with a 5/16-inch rod around the top.

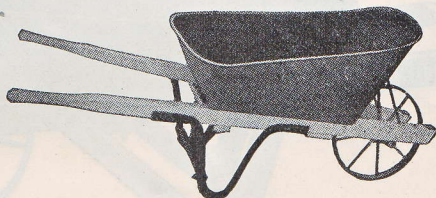

Size, 28 inches square on top, 15 inches square on bottom and 8 inches deep.

Cipher, HYDRA.

*Sturdy as the Oak from which the handles are made*

PEERLESS 65-B

SAME TRAY  
AS F-4  
LANSING.

Fig. 632

PEERLESS 65-B—

Cipher, SPOUT  
Weight, 70 lbs. each

SIZE OF TRAY—
